Re: U.S. Patent Appln. No. 10/663,562  
Nina Rautonen et al.  
Our Docket: 17031

Sir:

A provisional terminal disclaimer, directed to the above identified application, was filed on October 1, 2007. A check in the amount of \$130.00, in accordance with the requirements of 37 C.F.R. § 1.20 (d), was submitted concurrently therewith.

That terminal disclaimer erroneously recited the publication number of the application, whose termination date if issued as a patent will be the termination date of any patent issued in the present application, rather than the required application number.

The enclosed terminal disclaimer corrects that obvious typographical error. Entrance of the enclosed termination disclaimer, whose payment is covered by the check submitted on October 1, 2007 concurrent with the filing of the defective earlier terminal disclaimer, is respectfully solicited.

Respectfully submitted
